Women in Business - Happens Quarterly

Local business-women coming together for the goal of providing education, networking opportunities, and supporting one another.

“The Harrah Chamber of Commerce has been a complete blessing to my small business. I joined in 2019 when the coffee shop was supposed to open; unfortunately, we did not get open until 2020. They helped get the word out and marketed while we were in the construction stage which made a huge impact when we finally opened. During COVID, they kept marketing and finding resources to help all the local businesses during unprecedented times. They are a huge asset not only to business owners, but also the community as a whole.”

- Christy, The Simple Brew / Stir

“Upon opening a new practice/business in a pandemic we realized our personal connections needed to be strong. Within weeks of opening, we had our first encounter with Ms. Brandy where we instantly knew we had made the right connection.

The chamber to us is a real sense of community. Men, women and business can come together and share their knowledge of what we do everyday & how to help. The chamber has created many relationships with families and people within Harrah and has truly inspired us to be involved and help motivate to become healthier happier versions of themselves.

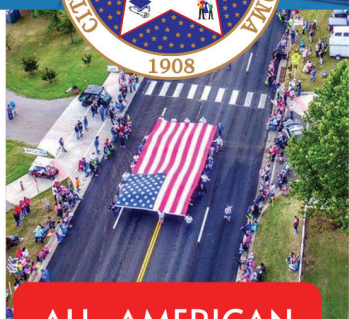

This group of people within the chamber are our biggest cheerleaders and would like nothing more than for us to be successful and make an impact. If you are a new business in Harrah, I would highly recommend being with the chamber and being a leader in our community.”

-Harrah Family Chiropractic- Dr. Tyler & Ms. Amy

THANK YOU, Leo!

HISTORY OF HARRAH

Nestled on the banks of the North Canadian River sits the City of Harrah. The first Polish settlers came in the spring of 1892 when 10 families came by covered wagon from Arkansas. In 1898 the Church of St. Teresa of Avila was built, the town was devastated when they lost the church in a fire in 1923, but within 2 years a new building was built. This church still beautiful and maintained is Oklahoma's only Polish Catholic Church. Several business owners of today are descendants of the early Polish businessmen. The community formerly known as Pennington and Sweeny became Harrah in 1898 when Louis Navarre sold 32 acres to Frank Harrah who plotted and developed the original Town of Harrah along either side of the railroad track. Harrah's geological location gave it a wonderful chance of survival. It was surrounded by fertile farmland and a river full of fish. E.W. Sweeny had a ferry on the river and later built a toll bridge which made Harrah accessible to both sides of the river. Harrah was struck by disaster twice in its early years. First, in 1916 when a tornado struck south of town and destroyed the ball stadium which was never rebuilt. Second, in 1922 when a fire destroyed most of the original town. Harrah was one of the first small town to have electric service as OG&E purchased land north of town and built an electric generating plant that was producing electricity in 1928. On May 15, 1908 an election was successful for the corporation of the Town of Harrah. The next step was to elect town officials. Harrah's population was 100 on 1901 and tripled to 300 by 1905 and has steadily grown to its present population of approximately 5,200. In June of 1992 by a vote of the people the Town of Harrah was officially changed to the City of Harrah.
